Caution: Not for use during pregnancy or lactation. If you are taking medications or have a medical condition, consult with a health care professional before use. Keep this product out of the reach of children.

-----

Otoba Double Extraction 2-oz

Otoba Max 2 oz. Liquid Extract Liquid Extract. Ecologically Wildcrafted bark.

Strongest Otoba bark extract in the market, made using a proprietary "double extraction process".

Suggested Use: 10 to 20 drops twice daily in 6-oz water between meals.

Ingredients: Otoba bark (*Otoba parvifolia*), pure cane alcohol (USP 50%–60%), and osmotic water. Minimum dry herb potency ratio: 1:3. Glass bottle with glass dropper (2 oz. net weight). One dropper full is approx. 30 drops.

Caution: Not for use during pregnancy or lactation. If you are taking medications or have a medical condition, consult with a health care professional before use. Keep this product out of the reach of children.

NOTE: For those who need to minimize their intake of alcohol, most of the content will evaporate by leaving the drops in hot water for 30 minutes.
