

## **Derek Clontz Protocol 6** 12-oz Kit

Uncarine Max, Otoba Bark, Pimpinella Max (2), Huacapurana, Stevia.

Protocol 6 is an extension of Protocol 5 adding the microbial-defense herbs Huacapurana and Stevia for extra support.

Here's what you get in your protocol:

Uncarine Max 2 oz. (*Uncaria tomentosa*) from ecologically Wildcrafted bark, standardized for guaranteed maximum potency.

Each ounce contains 2 grams of cat's claw 4% pure extract – America's more potent.

**Suggested Use:** As a dietary supplement, take 10-30 drops between meals in 6-oz. water twice daily between meals or as by your healthcare practitioner.

**Ingredients:** *Uncaria tomentosa* bark, Uncarine Max extract, pure cane alcohol (USP 50%–60%), and osmotic water. Minimum dry herb potency ratio: 1:3. Glass bottle with glass dropper (2 oz. net weight). One dropper full is approx. 30 drops.

**Caution:** Not for use during pregnancy or lactation. If you are taking medications or have a medical condition, consult with a health care professional before use. Keep this product out of the reach of children.

-----

Otoba Bark 2 oz. Liquid Extract from ecologically wildcrafted bark.

**Suggested Use:** 15 to 30 drops twice daily in 6-oz water between meals or as directed by your healthcare practitioner.

**Ingredients:** Otoba bark (*Otoba parvifolia*), pure sugar cane alcohol (USP 50%–60%), and osmotic water. Minimum dry herb potency ratio: 1:3. Glass bottle with glass dropper (2 oz. net weight). One dropper full is approx. 30 drops.

**Caution:** Not for use during pregnancy or lactation. If you are taking medications or have a medical condition, consult with a health care professional before use. Keep this product out of the reach of children.

**Remember:** Cane alcohol doesn't contain sugar. Alcohol is sugar free by definition. It is derived from sugar cane and all sugar is eliminated in the process.

-----

2 bottles Pimpinella Max 2 oz. (*Pimpinella anisum* 50%/Desmodium molliculum 50%) liquid extract from ecologically wildcrafted leaves.

**Suggested Use:** Take 20 drops in 6-oz water twice daily. Take several times daily if needed or as directed by your doctor.

**Ingredients:** Pimpinella/Anisum & Amor Seco leaf extractives, pure cane alcohol (USP 50%–60%), and osmotic water. Minimum dry herb potency ratio: 1:3. Glass bottle with glass dropper (2 oz. net weight). One dropperful is approx. 30 drops.

**Caution:** Not for use during pregnancy or lactation. If you are taking medications or have a medical condition, consult with a healthcare professional before use. Keep this product out of the reach of children. Here's what you get:

-----

Stevia (*Stevia rebaudiana*) Liquid Extract from ecologically wildcrafted Leaves

**Suggested Use:** As a dietary supplement supporting microbial defense, take 3 drops three times daily in 6-oz along with other herbs or alone. To improve the flavor of foods and beverages, add Stevia according to taste.

**Ingredients:** Stevia leaf extractives, pure sugar cane alcohol (USP 50-60%), and osmotic water. Minimum Dry Herb Potency Ratio: 1:3. Glass bottle with glass dropper (2 oz net weight). One dropperful is approx. 30 drops.

**Caution:** Not for use during pregnancy or lactation. If you are taking medications or have a medical condition, consult with a health care professional before use. Keep this product out of the reach of children.

-----

Huacapurana 2 oz. Liquid Extract from ecologically wildcrafted bark.

**Suggested Use:** 15 to 30 drops twice daily between meals in 6-oz water. Stevia can be combined with any herb in your protocol.

**Ingredients:** Huacapurana bark (*Campsiandra angustifolia*) pure cane alcohol (USP 50%–60%), and osmotic water. Minimum dry herb potency ratio: 1:3. Glass bottle with glass dropper (2 oz. net weight). One dropper full is approx. 30 drops.

**Caution:** Not for use during pregnancy or lactation. If you are taking medications or have a medical condition, consult with a health care professional before use. Keep this product out of the reach of children.
