

Derek Clontz Protocol 7 6-oz

Support program For the Times We Live In ...

Just in time for the times we live in - another Derek Clontz System Support Program that covers all the bases. You get Uncarine Max, Cecropia and Quinine, world-class nutritional support through the holiday season and beyond.

Also available as an alcohol-free protocol. Buy vegetarian-friendly capsules under our "Protocol Herb Singles" category: Uncarine Max, Cecropia and Quinine Max. Ask for instructions when you choose the capsules.

Here's what you get in your protocol:

Uncarine Max 2 oz. (*Uncaria tomentosa*) Liquid Extract from ecologically wildcrafted bark.

Each ounce contains 2 grams of powerful cat's claw 4% Guaranteed Potency Extract for maximum nutritional benefits as a dietary supplement.

Suggested Use: As a dietary supplement, mix 10-30 drops in 6-oz. water and take twice daily between meals or as directed by your healthcare practitioner.

Ingredients: *Uncaria tomentosa* bark, Uncarine Max extract, pure cane alcohol (USP 50%–60%), and osmotic water. Minimum dry herb potency ratio: 1:3. Glass bottle with glass dropper (2 oz. net weight). One dropper full is approximately 30 drops.

Caution: Not for use during pregnancy or lactation. If you have a medical condition, consult with a health care professional before use. Keep this product out of the reach of children.

Cecropia (*Cecropia Strigosa*) 2 oz. Ecologically Wildcrafted.

Suggested Use: 15 to 30 drops twice daily between meals 6-oz water.

Ingredients: Cecropia actives, pure cane alcohol (USP 50%–60%), and osmotic water. Minimum dry herb potency ratio: 1:3. Glass bottle with glass dropper (2 oz. net weight). One dropper full is approx. 30 drops.

Caution: Not for use during pregnancy or lactation. If you have a medical condition, consult with a health care professional before use. Keep this product out of the reach of children.

Quinine (*Cinchona officinalis*) Liquid Extract. Ecologically wildcrafted bark.

Suggested Use: Take 20-40 drops twice daily in a 6-oz water or as directed by your healthcare practitioner.

All three herbs in your protocol can be taken at the same time in the same glass of water.

Ingredients: Quinine bark extractives, pure cane alcohol (USP 50%–60%), and osmotic water. Minimum dry herb potency ratio: 1:3. Glass bottle with glass dropper (2 oz. net weight). One dropperful is approx. 20 drops.

Caution: Not for use during pregnancy or lactation. If you are taking medications or have a medical condition, consult with a health care professional before use. Keep this product out of the reach of children.
